SUPPLEMENT

~~This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 10 October 1970 from the
Director of Central Intelligence to the
Administrator of National Security~~

1. Vehicles used by the Soviet forces in Korea north of 38° appear to be composed almost entirely of U.S. jeeps, weapons carriers, and 6x6s along with Japanese trucks, mostly TOYODA 4x2 general utility type (also widely observed in China).
2. During a week's time, 150 to 200 vehicles were observed, almost all of which appeared to be under Soviet military control. These vehicles had a combination of numbers and letters conspicuously painted in white on them, apparently by the Soviets, in the areas given below.
